

The figure consists of two side-by-side histograms. The left histogram is titled 'class: Health' and shows a single red bar at the lowest value on the x-axis. The right histogram is titled 'class: Periodontitis' and shows a distribution of red bars across the x-axis, with a prominent peak at the highest value. A vertical black line separates the two plots. Both plots have a y-axis with horizontal grid lines and a solid black line at the bottom.

class: Periodontitis
